

## Agilent Technologies

Agilent Technologies'in bir çok önemli sektör dergisinde yayınlanan basın bültenleri artık online yayınlanıyor.

### Agilent Press Releases

pdf version

Apr, 2010

Agilent Technologies Introduces Industry-First 4.2 GSa/s High-Resolution Arbitrary Waveform Generator

Apr, 2010

Agilent Technologies Introduces Comprehensive Low-Power DDR2 Compliance and Protocol Test Tools

Apr, 2010

Agilent Technologies Launches First Handheld RF Power Meter

Apr, 2010

Agilent Technologies' GoldenGate Software Selected by RF Integration for Advanced RFIC Development

Feb, 2010

Agilent Technologies Introduces Industry's First Single-Box Analyzer/Curve Tracer For 40-Amps/3000-Volt Power Dev

Feb, 2010

Agilent Technologies Extends PXA Signal Analyzer with Embedded LTE and HSPA+ Measurement Applications

Feb, 2010

Agilent Technologies Delivers World's Most Accurate Handheld Vector Network Analyzer

Feb, 2010

Agilent Technologies Announces One-Box Solution for High-Speed Serial Interconnect Analysis

Jan, 2010

Agilent Technologies Introduces 28 Gb/s Multiplexer for J-BERT, ParBERT

Jan, 2010

Agilent Technologies Announces Significant Performance Enhancements to its PXB Baseband Generator and Channel

Dec, 2009

Agilent Technologies Announces Breakthrough Chipset for Next-Generation, High-Bandwidth, Real-Time Oscilloscope

Dec, 2009

Agilent Technologies Introduces Flash Programming on its Medalist In-Circuit Test Platform

Dec, 2009

Agilent Technologies Recognised for Leadership in LTE and WiMAX™ Test Equipment Market

Dec, 2009

Agilent Technologies Extends Leadership in LTE Test Capability with PXA Signal Analyser

Nov, 2009

Agilent Technologies Announces Completed Acquisition of Keithley Instruments' RF Product Line

Nov, 2009

Agilent Technologies Introduces Hybrid 40-GSa/s Oscilloscope/Digitisers with Eight Channels in One Box

Nov, 2009

New Agilent Infiniium 90000 Series Oscilloscope Hardware Yields Waveform Update Rates More than 20 Times Faster

Aug, 2009

Wideband measuring receiver

Aug, 2009

Wideband measuring receiver

Aug, 2009

Using an oscilloscopes for debugging serial busses

Aug, 2009

The utilization of the N9340B for on-site electromagnetic interference monitoring on "xDSL" data traffic.

Jun, 2009

Miniaturizing Test Systems Using Agilent's USB Modular Instruments

May 23, 2009

Record-breaking fund gives comeback to Aalborg as a centre for wireless communication

May, 2009

Article: Ensuring Regenerative Satellite Terminal Interoperability

May, 2009

Article: GPRS Based SMS solutions

May, 2009

Article: Repeatable characterization of distortion caused by nonlinearities in wideband communication systems

May, 2009

Article: Synchronizing Distributed Instruments for Greater Precision and Accuracy

Feb 16, 2009

Agilent Technologies Anite to Demonstrate LTE End-to-End Streaming Video with Signalion, Blue Wonder Communications LTE UEs at 2009 Mobile World Congress

Feb 16, 2009

Agilent Technologies Delivers First Real-Time LTE Base Station Test for R&D Engineers

Feb 16, 2009

Agilent Technologies Now Offers Most Comprehensive Real-Time Diagnostics, Analysis for LTE

Feb 16, 2009

Agilent Technologies Delivers Wide Range of Commercial Test Products for TD-LTE

April 16, 2009

Agilent Technologies Introduces Latest In-Circuit Tester with Digital Capabilities, Low-Cost Fixturing

April 15, 2009

Agilent Technologies, Maury Microwave Enable Industry-First Approach to Measure and Simulate Nonlinear Components

March 30, 2009

Agilent Technologies' Drive Test for VoIP Enables Wireless Carriers to Ensure Quality of Lucrative Voice Services

March 30, 2009

Agilent Technologies First to Extend Real-Time Wireless Network Protocol Analysis to Support Femtocells

March 9, 2009

Agilent Technologies Expands Capabilities of Highly Versatile Atomic Force Microscope for Large and Small Samples

February 9, 2009

Agilent Technologies' New Drive Test Measurements Speed Deployment, Cut Costs of LTE Networks. LTE Software U

February 24, 2009

Agilent Technologies Wins More Than 20 Annual Product Awards for Electronic Design

March 3, 2009

Agilent Technologies Introduces 100-MHz Oscilloscopes with Largest Display, Mixed-

March 3, 2009

Agilent Technologies Introduces Industry-First, Most Comprehensive DDR3 Test Suite

March 3, 2009

Agilent Technologies Introduces Handheld Instruments for Electronics, Process-Cont
